

# Physiotherapy clinic

## Vestibular balance and mobility

If you or a family member have difficulty with dizziness or balance, or have a neurological condition including but not limited to Stroke and Parkinson's disease, our student physiotherapists may be able to help you.

Our clinic offers individual and group programs designed to improve movement, balance, physical ability and function.

### HOW CAN OUR VESTIBULAR, BALANCE AND MOBILITY CLINIC HELP?

We offer:

- comprehensive assessment of vestibular system, balance, physical ability and function
- customised treatment plans including home exercise programs
- individual or group treatment sessions
- education and support for families and carers
- consultation and liaison with health care providers.

### Making an appointment

You don't need a doctor's referral.

Please contact reception to find out more information about our clinic or to make an appointment.
