

International Course Guide 2025

ACU

AUSTRALIAN CATHOLIC UNIVERSITY

acu.edu.au/international

Acknowledgement of Country

In recognition of Aboriginal and Torres Strait Islander peoples' deep spiritual connection to Country, and in continuing the university's commitment to reconciliation, it is customary to acknowledge Country as we pass through it. We acknowledge and pay our respects to the First Peoples, the Traditional Custodians of the lands and waterways where Australian Catholic University campuses are located, and we thank them for their continued custodianship.

Welcome to ACU

A former international student myself, I came to Australia to seek a unique lifestyle and to meet new people while I pursued my studies. It was an enriching experience; one I wholeheartedly encourage others to undertake. I can recommend our institution with confidence. As one of the world's top 100 young universities, Australian Catholic University is a university like no other. Known for our academic rigour, global connectivity and extensive professional networks, we stand for excellence in everything we do.

Our culture is unique: dynamic, and inclusive, with countless opportunities for students to personalise their learning. With a choice of four faculties, seven campuses in Australia and one in Rome, and more than 30,000 work-integrated learning opportunities on offer every year, your study will lead to a world-class qualification that will connect you with your future career aspirations.

The results speak for themselves: we have been awarded five stars in learner engagement, skills development and graduate salary. Furthermore, our graduates progress into the workforce with the skills to get ahead. Not only do they enjoy high rates of employment, but they also have the best collaborative skills of any university graduate in Australia.

ACU has a lot to offer, and as an international student, you do too. Through your culture, your individuality and your determination to succeed, you will bring immeasurable value to the university community. I hope you will consider joining us here at ACU and I look forward to seeing you on campus.

Here at ACU, we take great pride in creating an inclusive environment in which all students feel welcome. We do this by keeping our program costs accessible for students from all over the world, and by creating a campus culture that celebrates diversity in all its forms. As an international student, you will bring immeasurable value to ACU through your culture, your individuality and your aspirations. I encourage you to explore the opportunities on offer and consider your future at ACU.

Professor Zlatko Skrbis
Vice-Chancellor and President

ACU: Your university

Degrees for a vibrant career

We know that the best way to get ahead is hands-on, practical experience. That's why we deliver more than 30,000 work-integrated learning and volunteering opportunities across ACU every year. It's also why we've built remarkable facilities to support your learning, including nursing simulation labs, art galleries and moot courts.

A global outlook

ACU is a truly global university — thanks to our vibrant network of international partners (200+ and growing!), we've got transformational connections almost everywhere in the world. As a student, you'll benefit from this global outlook and from our extensive suite of international programs.

Change the world

A good education isn't just an opportunity for a brilliant career. At ACU, social justice and community engagement are part of our university culture and curriculum. You'll graduate as an expert in your chosen field and as a compassionate, creative and curious professional, ready to make a difference in the lives of others.

A caring campus

ACU is a university unlike any other. We're big enough to make an impact but small enough to know and value every student. We'll make sure you feel supported and connected from the moment you arrive, with access to study support; social opportunities; and health, counselling and pastoral care services that will keep you happy and healthy.

Find your niche

There are lots of ways to get into ACU, which means you can create a pathway to international study that's right for you. Explore our alternative entry and English programs, discover our seven campuses across Australia (and one in Rome!), and choose from four faculties and 16 study areas.

Your university

ACU is for everyone, no matter your culture, faith or path in life. We're proud of being an inclusive university and of creating a space where all our students feel at home. We'll also recognise your prior learning, give you credit where relevant, and consider your work and life experience as part of your application.

Scholarships and financial support

Our scholarships are just one way we support you to achieve your study goals.

There are lots of different types of scholarships available, including many that have been designed for international students like you.

ACU SCHOLARSHIPS, INCLUDING:

- equity scholarships (for students facing disadvantage)
- merit scholarships (for high achievers)
- accommodation scholarships (for anyone).

SCHOLARSHIPS FROM EXTERNAL PARTNERS, INCLUDING:

- the Australian Government
- private companies
- international foundations
- local governments.

Go global

Do you want to study history in Rome, discover high-performance sport in the USA or explore the arts in Japan? With a learning abroad program at one of our 200+ partner institutions, you can travel while you study and gain credit towards your degree.

Gain international learning experience by joining a study tour; completing an internship, a semester or short exchange abroad; participating in community engagement; or taking our unique international Core Curriculum program.

Learning abroad programs can be as short as two weeks or as long as a year, and there are generous travel grants and scholarships available.

STUDY IN ROME

No matter which degree you choose, you'll have the opportunity to study up to a semester on our Rome campus. Explore the culture, learn the language, and keep progressing your degree. You could even land an international work experience placement with a local organisation.

acu.edu.au/rome

“My study abroad experience served as a catalyst for growth and development in ways I never imagined possible.”

Accommodation

Finding somewhere to call home is an important part of feeling safe and settled in your new city.

With lots of different accommodation options on offer, we can help you find accommodation that suits your budget, location and lifestyle. Our Rental Advisory Service has been designed to assist you to find the best type of accommodation to suit your needs. Email rental.advisory@acu.edu.au for more information.

ACU STUDENT ACCOMMODATION

Spending your first year or semester in ACU student accommodation is a wonderful way to be immediately connected with all the supports on offer from the university. Live alongside fellow students in a fully furnished ACU residence in Sydney, Canberra and Ballarat.

Purpose-built student accommodation offers the convenience of inclusive weekly fees that cover rent, utilities, and even some entertainment expenses. For students in Brisbane and Melbourne, Unilodge is our recommended accommodation provider. Visit our webpage for detailed information on what's included.

PRIVATE RENTAL

If you value independence, private rentals offer a range of choices to suit your preferences and budget. Whether you opt for your own space or decide to share with others, you'll have the freedom to choose from studio apartments or rooms in shared houses. Keep in mind that rental fees typically don't cover furniture, utilities (such as water, electricity, and gas) or food. It's important to select reputable real estate agents and carefully review all provided documents to ensure a smooth renting experience.

HOMESTAY ACCOMMODATION

Get a taste of family life in Australia. Homestays are an ideal short-term option for students arriving from overseas. Settle into a new city with the help of a local family. Fees cover everything you need to be comfortable in your new home, including rent, furniture, utilities and even some meals. We encourage international students to consider a homestay option while looking for a long-term accommodation onshore.

Allied health

For people who care about people.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/allied-health

If you're passionate about supporting people to optimise participation in their daily lives in service of the common good, an allied health career should be at the top of your list.

WHY ALLIED HEALTH AT ACU?

Hands-on health care: Test out your skills in our on-campus clinics and benefit from real-world placements in professional health care environments.

Recognised by leaders: Our degrees are recognised by peak organisations like the Australian Association of Social Workers, Speech Pathology Australia, Occupational Therapy Australia and the Australian Health Practitioner Regulation Agency.

Global careers: See allied health care from a global perspective with international exchanges, study experiences and community placements.

SAMPLE CAREERS

Allied health is a rapidly expanding field, with qualified professionals expected to remain in high demand over the next 10 years.¹ Our graduates have pursued careers as:

- aged care workers
- child and youth workers
- community services officers
- disability support workers
- early intervention pathologists
- physiotherapists
- speech pathologists
- sports and exercise physiotherapists
- workplace rehabilitation consultants.

WHAT CAN YOU STUDY

- Mental health (online)
- Occupational therapy
- Physiotherapy
- Social work
- Speech pathology

“At ACU, there are heaps of placement opportunities. So to me, as a person who wants to be job ready and be a qualified occupational therapist, Australia is a fantastic place to be.”

Jade (Hong Kong, China)
Occupational therapy student

Business

Act. Lead. Empower.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/business

Whether you're a financial guru, a leader of people, a creative visionary or a future entrepreneur, our business degrees will prepare you for a global career that has humanity at its core.

WHY BUSINESS AT ACU?

Build professional connections: With our Future Ready employability program, you can explore workshop-style classes, networking and professional opportunities in your future field of practice.

Choose an industry-approved degree: Our courses are accredited by peak business, accounting, human resource management and marketing organisations and embedded with Microsoft certifications.

Do business better: ACU business degrees reflect the ACU commitment to education for the common good. Our curriculum is aligned with the UN Sustainable Development Goals, preparing you for an ethical, sustainable and intercultural career.

SAMPLE CAREERS

There's no shortage of career opportunities for qualified business graduates. Depending on your choice of course, some of our graduates have become:

- accountants
- advertising executives
- banking or finance managers
- data analysts
- event managers
- HR professionals
- financial planners/advisors
- marketing managers/directors
- recruitment consultants
- sales managers.

WHAT CAN YOU STUDY

- Accounting
- Business administration
- Commerce
- Data analytics
- Entrepreneurship
- Event management
- Finance
- Human resource management

- International business
- Management
- Marketing

“I chose to study at ACU because of its good reputation, its graduate employability, and the practical exposure that it provides.”

Creative arts

Create extraordinary.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/creative-arts

At ACU you can immerse yourself in a unique community developing skills in a range of disciplines to inspire, inform, educate and drive human connection.

WHY CREATIVE ARTS AT ACU?

Study in specialist spaces: Make the most of ACU's specialist creative and visual arts facilities, including studios, production spaces, and multimedia environments.

Work like a creator: Explore internships, industry and community placements, professional experience and work-integrated learning opportunities, including student exhibitions and performances at ACU's campus art galleries and rehearsal spaces.

Study overseas: Take your creativity around the world with international study tours to locations like Rome, Venice and New York. Build international networks and cross-cultural agility.

SAMPLE CAREERS

A creative arts degree can take you in countless directions within the creative industries, from creative practice through to arts advocacy, curation and production. Our graduates have pursued careers as:

- artists, illustrators, printmakers and graphic designers
- arts managers and curators
- writers, editors and publishers
- composers and musicians
- digital content producers.

WHAT CAN YOU STUDY

- Painting, drawing, photography and printmaking
- Ceramics, sculpture, installation and multimedia
- Communication
- Drama
- Graphic design
- Literature
- Music
- Technology

“One of the best things I enjoy about ACU are the wide variety of activities that students can engage in such as clubs, societies and associations. This is where I found my first friends.”

Evan (Sri Lanka)
Creative arts alumnus

acu.edu.au/creative-arts

Global studies and international development

In a world of change, lead with impact.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/study-at-acu/global-studies

Launch yourself into the world with a degree that gives you the knowledge and skills to navigate contemporary social issues that impact our world.

WHY GLOBAL STUDIES AND INTERNATIONAL DEVELOPMENT AT ACU?

Graduate with two degrees :

Pair the Bachelor of Global Studies with another ACU degree and gain two qualifications with a uniquely international perspective.

See the world: Global experiences are key to a global studies degree. Learn a language, study abroad or take on an international internship and explore the world while you learn.

Lead with your values: Become a compassionate and ethical practitioner who can build cross-cultural relationships that drive knowledge, dignity and belief in the common good.

SAMPLE CAREER

In a globalised world, an international perspective and intercultural skills are in high demand across professions of all kinds. Depending on your degree configuration, you could work in:

- foreign affairs
- national security
- global and multinational organisations
- social enterprise
- human rights
- international development

- private and public sector
- teaching and research
- international business.

WHAT CAN YOU STUDY

- International development studies
- Languages (Italian or Spanish)
- Politics and international relations
- Study of religions
- Combine your degree with: Arts, Commerce, Laws or Theology

Humanities and social sciences

Study the human experience.

Top 300 worldwide

ARTS AND HUMANITIES¹

Want to know more?

For further information, scan the QR code or visit acu.edu.au/humanities-and-social-sciences

Inquire, connect, and create. Humanities and social sciences degrees are about asking — and answering — the big questions of what it means to be part of a global society.

WHY HUMANITIES AND SOCIAL SCIENCES AT ACU?

Get job ready: Undertake a community engagement placement or get involved in a social enterprise project and gain practical real-life experience and a wealth of professional skills that future employers will value.

Take the next step: Gain access to the National School of Arts and Humanities' Scholars Program. This initiative connects high-achieving students to research and mentoring opportunities with leading academics.

Explore the world: Take your studies to Rome, Beijing, Paris or New York with our vibrant international offerings. Choose from semester-long exchanges or short study tours and explore the culture and history of the world.

SAMPLE CAREERS

Humanities and social sciences are broad fields of enquiry, which means a degree in these areas can lead to lots of different roles. Our graduates have pursued careers as:

- educators and researchers
- galleries, libraries, archives and museums (GLAM) professionals
- graphic designers and illustrators
- historians and sociologists
- international development professionals
- policy and foreign affairs experts
- writers, editors and publishers
- youth and community workers.

WHAT CAN YOU STUDY

Arts single degree with majors in:

- archaeology, business studies, communication, drama, economics, geography, global studies, graphic design, healthy development, history, international development studies, languages, literature, mathematics, music, philosophy, politics and international relations, psychology, sociology, study of religions, theology, visual arts and youth work.

Arts double degree combined with:

- commerce, global studies, laws, psychological science, teaching, and theology.

Human rights and double degrees.

“Because it’s a diverse campus, I’ve been exposed to a lot of new ideas and a lot of people who talk in new ways. It’s great.”

Briony (Sri Lanka) Liberal Arts (Western Civilisation) student

Information technology

Work with technology that works for you.

1st in Australia
IT¹

Want to know more?

For further information, scan the QR code or visit acu.edu.au/information-technology

In the world of information technology, change is the only constant. Embrace the limitless challenges and opportunities of a contemporary tech-centric career.

WHY INFORMATION TECHNOLOGY AT ACU?

Focus on the future: Explore topics that reflect the latest IT trends, from data science and analytics to cybersecurity and AI.

Build professional connections: With our Future Ready employment program, access workshop-style classes, networking and professional experience opportunities in IT.

Industry-approved degrees: All our IT courses are co-designed with the Cisco Network Academy, accredited by the Australian Computer Society, recognised internationally by the Seoul Accord and embedded with specialist Microsoft certifications.

SAMPLE CAREERS

IT is a booming industry, with the Australian Government racing to hit 1.2 million technology-related jobs by 2030¹. Depending on your degree and specialisations, you could work as:

- data scientists
- information systems or project managers
- programmers
- software engineers or software architects
- systems or cybersecurity analysts
- technical, network or IT support technicians
- web, application or game developers.

WHAT CAN YOU STUDY

- Information technology
- Application development
- Cybersecurity
- Data analytics
- Data science

“I could see that in the IT industry in Australia, there are a lot of opportunities, even for international students. I thought it would be easy for me to find a job after I graduated.”

**Ruby (Vietnam)
IT alumnus**

Law, criminology and human rights

Tilt the scales towards a more just and equitable world.

Top 300 worldwide
LAW¹

Want to know more?

For further information, scan the QR code or visit acu.edu.au/law-and-criminology

Learn about the causes of antisocial behaviour and develop the expertise you'll need to contribute to the criminal justice sector, or become a lawyer who stands up for people in need and issues that matter.

WHY LAW AND CRIMINOLOGY AND HUMAN RIGHTS AT ACU?

Socially conscious courses: Become an ethical and socially conscious professional who's committed to equality and social justice.

Study the world over: Study international law units, embark on an exchange at one of our more than 60 partner institutions globally, or complete some of your subjects at the ACU Rome Campus.

Bring theory to life: Complete a 40-hour placement for criminology

students in the criminal justice sector or 80 hours of pro bono professional placements in a law firm, government department, community legal centre, or other not-for-profit organisation, depending on your degree.

SAMPLE CAREERS

Our law and criminology degrees will prepare you to work across the justice system, including in government, private sector and community organisations. Some of our graduates have become:

- solicitors or barristers
- in-house counsels
- Australian migration agents
- policy advocates or advisers
- legal officers
- immigration or border protection officials
- police or corrections officers.

WHAT CAN YOU STUDY

- Criminology
- Law
- Human rights double degrees
- Australian migration law and practice (to become a migration agent)

Nursing

Caring for others
at every stage of life.

4th in Australia
14th worldwide

NURSING¹

Want to know more?

For further information, scan
the QR code or visit [acu.edu.au/
nursing](http://acu.edu.au/nursing)

Choose a health care career
that will connect you to the
human experience, from
birth to death and every
stage in between.

WHY NURSING AT ACU?

A leading degree: ACU is ranked #4
in Australia and #14 in the world for
nursing. These rankings are just one
reason why our health care degrees are
something out of the ordinary.

Work like a professional: Our
courses are designed to mirror real
health care environments. You'll study
in simulated wards and complete up
to 800 hours² of clinical placements as
part of your degree.

**Prepare for professional
registration:** Graduates are eligible
to register with the Australian Health
Practitioner Regulation Agency, which
means you'll be ready to work as soon
as your studies are over.³

SAMPLE CAREERS

Australia and many places in the
world are facing a dire nursing
shortage, which means that qualified
professionals are in high demand.

Depending on your degree and
specialisations, you could work as a
nurse, or a clinical instructor in public,
private, community, education and
research roles, including in hospital
emergency departments and residential
aged care facilities.

WHAT CAN YOU STUDY

- Mental health nursing (online)
- Nursing⁴

“What initially drew me
to ACU was the amazing
reputation it has in
the nursing field. I
definitely knew that this
was something I wanted
to be a part of, to give
myself that competitive
edge.”

Ruva (Zimbabwe)
Nursing student

2. Nursing students will complete up to 800 hours of clinical placements in hospitals and aged care, mental health and other health care facilities.

3. To work in Australia, you will also need to meet other requirements, such as obtaining a visa (issued by the Australian Government Department of Home Affairs), meeting immigration requirements, and securing employment.

4. Students undertaking the postgraduate clinical nursing program can choose one of nine specialisations: cardiac care, correctional health, gerontological nursing, intensive care, medical, neuroscience, perioperative, renal or surgical. Alternatively, a generic program in clinical nursing without any specialisation is offered online.

acu.edu.au/nursing

Nutrition and biomedical science

Passion for science.
Compassion for people.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/nutritionbiomed

Choose a science degree that drives wellbeing and prepares you to make a difference to the lives of others. If you choose to undertake a Diploma in Nutrition or Biomedical Science, we will help and support you to develop the academic skills to succeed in more advanced tertiary study. You will gain credit for up to the first year of study and articulate into the second year of your Bachelor degree.

WHY NUTRITION AND BIOMEDICAL SCIENCE AT ACU?

Build your own degree: Create a course that interests you by choosing from a range of majors and minors.

Work like a professional: Explore work-integrated learning opportunities and gain extensive lab and professional experience that will prepare you for career success.

Take your studies overseas:

Don't miss the opportunity for an international experience. Take advantage of short-term study tours and student exchanges across the globe or complete some of your subjects at the ACU Campus in Rome.

SAMPLE CAREERS

In an increasingly health-conscious society, jobs in nutrition, dietetics and medical science are all expected to see strong growth.¹ Depending on your degree, you could work as a:

- biotechnologist
- clinical, forensic or pharmaceutical scientist
- hospital scientist or lab technician
- nutrition advisor
- researcher
- science communicator
- product designer, sales, marketer and tester
- medical doctor (with further study in Medicine).

WHAT CAN YOU STUDY

- Biomedical science
- Nutrition and dietetics

“I chose ACU not only for its academic offerings but also for its mission and values, along with its reputation.”

**Roselyn (Papua New Guinea)
Biomedical science student**

Philosophy

**Knowledge. Reality.
Existence.**

Want to know more?

For further information, scan the QR code or visit acu.edu.au/philosophy

What is the nature of existence? What does it mean to be human? Delve into life's big questions with a philosophy degree that spans history, religion and contemporary thought.

WHY PHILOSOPHY AT ACU?

Gain skills for life: Build fundamental skills in analysis, research, critical thinking and communication that will help you thrive in any professional field.

Build connections: Explore the ethics of health care at the Plunkett Centre for Ethics and learn to think about philosophy as it relates to the real world.

Mix and match your degree:

Combine the study of philosophy with an arts, law or theology qualification or choose a philosophy major, minor or elective/s as part of another ACU degree.

SAMPLE CAREERS

Logic, persuasive reasoning and an openness to new ideas — the skills you'll gain from a philosophy degree offer value in lots of different careers. Depending on your degree choice, subject specialisations and professional goals, you could work as:

- bioethics/healthcare ethics consultants
- criminologists
- diplomatic or consular officers
- public policy advisors
- researchers
- writers.

WHAT CAN YOU STUDY

- History of philosophy
- Logic
- Metaphysics
- Philosophical anthropology
- Philosophy of mind
- Philosophy of religion
- Social and political philosophy

Professional education

Master the future of learning.

2nd in Australia
32nd worldwide
EDUCATION¹

Want to know more?

For further information, scan the QR code or visit acu.edu.au/professional-education

Transform your current teaching experience into senior roles as an educational leader or administrator.²

WHY PROFESSIONAL EDUCATION AT ACU?

Choose reputation: ACU is ranked #2 in Australia and #32 in the world for education, according to the 2023 Shanghai Global Ranking of Academic Subjects.

Take the next step: Build on your previous teaching expertise to help reshape the education profession.

Learn from the best: Course content covers the latest approaches to teaching and learning. It's taught by leading researchers, teachers and experienced educational professionals who know the education profession inside and out.

SAMPLE CAREERS

Graduate ready for senior roles within and beyond the education system. Our graduates have pursued careers as:

- education administrators
- leading teachers
- discipline heads of school
- researchers and consultants
- government policymakers
- youth ministers
- family/parish educators.

WHAT CAN YOU STUDY

- Literacy
- School psychology
- Research methods
- Catholic educational leadership
- Educational leadership
- Higher education studies
- Inclusive practice
- STEM
- Wellbeing

“ACU quickly rose to the top of my preferred university list due to its top 50 ranking in Education globally, affordable tuition fees, and convenient location.”

**Sonali (Sri Lanka)
Education student**

1. Source: Shanghai Ranking, Global Ranking of Academic Subjects 2023.

2. Professional education courses are for current teachers looking to advance their knowledge. These courses do not lead to teacher registration.

Psychology

Because being well is all about wellbeing.

PSYCHOLOGY¹

Want to know more?

For further information, scan the QR code or visit acu.edu.au/psychology

Combine the science of the human mind with the art of caring for others with an ACU psychology degree.

WHY PSYCHOLOGY AT ACU?

Recognised by industry: All our psychology courses are accredited by the Australian Psychology Accreditation Council (APAC) and approved by the Psychology Board of Australia.²

Work like a professional: Provide care for real psychology clients under the supervision of registered professionals in our on-campus psychology clinics.³

One study area, multiple careers: Learn to collaborate with people from diverse backgrounds and develop sought-after skills communication and problem solving skills when you volunteer for a community engagement experience.

1. Source: Shanghai Ranking, Global Ranking of Academic Subjects 2023.

2. All courses for 2025 are currently undergoing re-accreditation with APAC and are in the approval process with the Psychology Board of Australia.

3. Available to postgraduate students studying at Melbourne and Strathfield campuses only.

4. Students can choose to study Psychology as a double degree with Arts, Commerce, Criminology and Criminal Justice, Exercise and Sports Science, Nutrition Science, and Laws.

acu.edu.au/psychology

Embark on further study: Become a registered clinical, or educational and developmental psychologist— our psychology degrees can take you in lots of different directions.

SAMPLE CAREERS

Psychology offers value wherever there are people, which means a psychology degree can prepare you for a huge range of job opportunities in almost any field. Work as a:

- clinical, consumer or school psychologist (as a registered psychologist with further study)
- childcare worker
- case worker or welfare support officer
- juvenile justice officer
- researcher or research assistant
- educational and developmental psychologist (as a registered psychologist with further study).

WHAT CAN YOU STUDY

- Psychology⁴

“The academics at ACU are very helpful when it comes to engaging with the course content. ACU also offers amenities and programs for international students that help them adjust and feel welcome.”

Bridgette (Philippines)
Psychology student

Public health and administration

Health care for humanity.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/publichealthandadministration

Whether you're working with a community or an entire population, our degrees will prepare you to promote health, prevent illness and bring care to people in need.

WHY PUBLIC HEALTH AND ADMINISTRATION AT ACU?

Global careers: Public health is a global concern. Explore different health care perspectives with an international study experience.

Skills that put people first:

Learn to advocate for better social, political, environmental and economic outcomes for the people and communities you serve.

Work-integrated learning:

Complete a professional placement with a health care or not-for-profit organisation as part of your degree.

SAMPLE CAREERS

Health care and social assistance is the fastest-growing sector in Australia, with more than 300,000 new jobs expected by 2026.¹ Depending on your degree, you could work in:

- policy development and analysis
- public health
- health or clinical education
- community development
- health care management
- research.

WHAT CAN YOU STUDY

- Clinical education (online)
- Health management
- Public health

“ACU has a very good ranking in health science, so that’s one of the reasons I chose ACU.”

**Sachin (Nepal)
Leadership and management
in healthcare student**

Sport and exercise science

Join a movement that helps people move more.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/sportandexercisescience

Help people recover from illness and injury, engage with fitness and wellbeing, and achieve peak performance at every stage of life. If you choose to undertake a **Diploma in Exercise Science**, we will help you to develop the academic skills to succeed in more advanced tertiary study. You will gain credit for up to the first year of study and articulate into the second year of your Bachelor degree.

WHY SPORT AND EXERCISE SCIENCE AT ACU?

Recognised by industry: All our single degrees and some of our double degrees in exercise science are accredited by Exercise and Sports Science Australia (ESSA), and depending on electives chosen, with the Australian Strength and Conditioning Association.

Work like a professional: Study in custom-built facilities — gyms, exercise science labs and on-campus clinics — that are designed to mirror real sport and exercise environments.

Build your networks: Our teaching team has professional connections across Australia's sport and exercise community, including Cricket Australia, the Australian Ballet, Gymnastics Australia and more. Gain real-world experience as part of your degree like not other.

SAMPLE CAREERS

Deliver care, education and outreach that helps people and communities to optimise their health. Work as a/an:

- clinical exercise physiologist
- exercise or sports scientist
- health and fitness consultant
- performance analyst
- sports coach
- strength and conditioning coach.

WHAT CAN YOU STUDY

- Clinical exercise physiology
- High performance sport
- Sport and exercise science

“I chose ACU for its hands-on approach and real-world experience, which are so important for employability.”

**Joane (Germany)
High performance sport student**

Teaching

Become the student who becomes the teacher.

2nd in Australia,
32nd worldwide
EDUCATION¹

Want to know more?

For further information,
scan the QR code or visit
acu.edu.au/teaching

Prepare the young people of today to become the leaders of tomorrow with a world-class teaching degree.

WHY TEACHING AT ACU?

Choose reputation: ACU is ranked #2 in Australia and #32 in the world for education, according to the 2023 Shanghai Global Ranking of Academic Subjects.

Learn by doing: Find yourself at the front of the classroom from early in your degree, with hands-on teacher training placements in public, private and Catholic schools, as well as early childhood centres and community organisations.

Teach everywhere: Take your degree around the world with rural, remote and international teaching placements that will give you a global perspective.

Pursue a career that matters: Teachers are the backbone of our communities. Become a mentor, an advisor and a force for good in the lives of children and young people when you join this remarkable profession.

SAMPLE CAREERS

Australia and many places globally are facing an unprecedented teacher shortage. As a qualified education professional, you'll be in high demand across a wide range of roles. Our graduates have pursued careers as:

- early childhood teachers
- primary school teachers
- special needs teachers
- high school teachers
- physical education teachers
- design and technologies teachers
- policy development officers
- education researchers.

WHAT CAN YOU STUDY

- Early childhood education
- Indigenous education
- Pathways to teaching
- Primary education
- Special education
- Religious education
- Secondary education

“I picked ACU because it is ranked in the top 2% of universities worldwide and it has a high reputation in Education areas.”

Mihua (China)
Teaching student

Theology

Big questions.
Profound answers.

1st in Australia,
34th worldwide

THEOLOGY, DIVINITY
AND RELIGIOUS STUDIES¹

Want to know more?

For further information,
scan the QR code or visit
acu.edu.au/theology

Explore how Christianity and other religions address the big questions of life.

WHY THEOLOGY AT ACU?

Learn from the best: ACU's religion and religious studies research is benchmarked among the world's best.² Study a curriculum that's shaped by leading knowledge and delivered by experts in your field.

Choose your journey: Our theology courses come in all shapes and sizes — choose from short courses and certificates; coursework, professional and research degrees; and study tours and professional development offerings.

See the world: Take your learning around the world with international study tours or a placement at ACU's Rome campus.

SAMPLE CAREERS

As a theology graduate, you'll enter the workforce with a sense of duty, purpose and understanding that will transform your professional trajectory. Our theology graduates work far and wide, including as:

- hospital, school and prison chaplains
- journalists and writers
- ministers of religion, youth ministers and lay ministers
- pastoral associates
- social and community workers/advocates
- teachers, lecturers and researchers.

WHAT CAN YOU STUDY

- Ancient languages
- Biblical studies
- Church history
- Constructive theory
- Liturgy and sacraments
- Moral theology
- Practical theology and ministry
- Religious education
- Spirituality
- Studies of religion
- Systematic theology and Christian thought

1. Source: Shanghai Ranking, Global Ranking of Academic Subjects 2023.

2. Scored 4 ('Above world standard') in the 2018 Excellence in Research for Australia evaluation.

Youth work and community development

Your work is powerful when you empower others.

Want to know more?

For further information, scan the QR code or visit acu.edu.au/youthwork

Help empower young people to find their voice — and their place — in the world.

WHY YOUTH WORK AND COMMUNITY DEVELOPMENT AT ACU?

Be the change: Become an ethical and compassionate practitioner who can help young people thrive in the face of life's challenges.

Tackle the big issues: Course content addresses the complex barriers — including homelessness, mental health, poverty, feelings of isolation and resettlement — that impact young people's lives.

Learn from experience: Work in partnership with young people from diverse backgrounds through 500 hours of field placements and engagement opportunities with local youth support agencies.

SAMPLE CAREERS

As a graduate, you'll enter the workforce ready to make a difference in the lives of young people and their communities. As advocates for change our youth work graduates build careers across the public, private and community sectors, in roles as:

- community education professionals
- youth workers specialising in
 - advocacy
 - residential care
 - development
 - engagement
 - health
 - liaison
 - outreach
- policy officers
- community service employees, including in homelessness and drug rehabilitation.

WHAT CAN YOU STUDY

- Global health
- Globalisation
- Race and ethnicity
- Religion and modernity
- Research methods
- Social justice and the new economy
- Sociology

“ACU is more like a local community. The classes are small, and teachers know your name. Almost all the tutors either worked as social workers before or are currently practising as social workers, so they provide us with insights into the realities of the profession.”

Wendy (China)
Social work student
